I specialise in frontend web development, with a focus on accessibility and security. I always strive to provide the best user-experience. I approach each project with enthusiasm and a willingness to learn. I am an excellent problem solver with a keen eye for fine detail. My career highlight to date was a recent talk I gave at [Frontend NE](#) about responsive email.

Experience

Web Developer, Opia Ltd. 2016–Present.

As part of an experienced team of developers, I am currently developing and maintaining customer-facing applications for blue-chip clients including Exxon, Samsung, HP, LG, Microsoft, Dell, ASUS, Fujifilm, Kodak and more. I use Laravel PHP with a test-driven, MVC approach to ensure my code is readable, DRY and of great quality. I also focus on the frontend, using SASS CSS, HTML5 and VueJS to design responsive, dynamic websites.

Web Designer / Developer, Sleeky Web Design & Print. 2016.

I created web content for clients using a variety of platforms. I was also responsible for working on social media, writing blog posts and SEO for clients. My development work included updating / creating websites from scratch using PHP, CSS & HTML5. At Sleeky, I gained experience with WordPress and OpenCart.

Web Designer / Developer, Vestige Media. 2010–Present.

I work directly with SMEs to ensure their design & web needs are met. I create websites, logos, branding packages, product artwork and packaging for a multitude of clients.
